The Visiting Nurse Association is Delivering Care

A Classic Evening of Caring

The Visiting Nurse Association's Diamond Jubilee is drawing to a close. It's been an eventful 12 months, filled with memorable generosity and support from the community for the Visiting Nurse Association's (VNA) home care, hospice, long-term care, and *Meals on Wheels* programs.

2010 isn't the end of the need for VNA care, but a continuation of a mission that began 75 years ago. VNA's work today is just as important as it was in 1934, and so is community support.

The need still exists in the community to use VNA home care and hospice, provide volunteer assistance for *Meals on Wheels*, and contribute generously to

enable VNA to provide care for those who lack financial resources.

The Visiting Nurse Association's annual fundraising event, the *Wheels for Meals and More* gala, will get a quick start in 2010 at a spectacular location – February 28 in the Dee and Charles Wyly Theater at the AT&T Center for the Performing Arts in Dallas. Nita and Cullum Clark, are co-chairing of the gala, with Bess and Ted Enloe serving as honorary chairs.

The *Wheels for Meals and More* gala will carry the theme of "A Classic Evening of Caring." The fundraiser will benefit the VNA's home care, hospice, and *Meals on Wheels* programs. It promises to be a classic night to remember.

Underwriting and ticket information for the Visiting Nurse Association's *Wheels for Meals and More* gala can be obtained by calling or emailing Christina Moore at (214) 689-2211 or moorec@vnatexas.org. Additional information about the VNA can be found online at vnatexas.org and by calling (214) 689-0000.

Wheels for Meals and More Gala- Feb. 28 at the Wyly Theater.

"What a picture you have given us of a better world, Mozart!"
– Franz Schubert

Celebrating Wolfgang Amadeus Mozart

It is said that he was terrible with money and could be difficult to get along with. His reported tendency toward vulgarity and profanity has led some contemporary scholars to suggest that he suffered from Tourette's syndrome. Unrelenting in his standard of artistry, Wolfgang Amadeus Mozart would die penniless at the age of thirty-five. Despite all of this, his music is an emblem of universal appeal and supernatural perfection.

His awe-inspiring output amounts to 170 CDs in a recently published complete collection of his works. Luckily, his music is such that the uninitiated can understand and enjoy virtually all of it without effort.

In memory of Mozart's 253rd birth anniversary on Jan. 27, we declare January to be "Mozart Month" on WRR. Listen throughout the month for some of his greatest works, such as the "Jupiter" Symphony, the Clarinet Concerto, Eine Kleine Nachtmusik and the Requiem.
